

Russells Hall Primary School

Pupil Premium Spend :- 2019– 20

Total pupil premium funding allocated :- £155,040

Aims of pupil premium spending :-

1. To facilitate strategies and interventions that will contribute to narrowing the gaps in attainment and progress particularly in Reading and Maths between pupils who attract pupil premium when compared with pupils who do not.
2. To support and develop basic skills.
3. To provide access to learning resources and opportunities that will contribute to raised attainment and progress.
4. To provide access to enrichment opportunities that will introduce the child to new experiences and help them discover gift, talents and interests that they may not otherwise access.
5. To increase social skills, confidence and self-esteem and support the development of positive learning behaviours.
6. To improve physical health and well-being, both of which are essential if the child is to be in the optimum state for learning.
7. To remove barriers which may otherwise impact negatively on the child's learning or progress. These include low baseline scores on entry to Reception particularly in speech and language and social and emotional development; higher than national average persistent absence; lower than national average overall attendance

Spending on	Linked pupil premium aim	Why ?	Anticipated Cost	Anticipated Success Criteria	Impact
Quality First Teaching. To provide the best possible teaching and learning opportunities in all classes across the school.	1 2 3 4 5 6 7	Research shows that the most effective way to accelerate learning is to provide good and outstanding teaching throughout the school. This in turn will contribute towards diminishing the difference in attainment and progress between pupils eligible for pupil premium and those who are not.	£,000	Pupils have access to first quality teaching, new or additional opportunities. Data indicates that pupils are making expected or better than expected progress Pupils develop a broad range of skills and interests. Pupils increase in confidence and develop positive relationships which put them in an optimum state for learning.	
Nurture Group for Key Stage 1 and 2 pupils to support social and emotional development needs.	1 2 5 6 7	to provide opportunity for small group work developing social and emotional skills The extension will provide greater opportunity for these groups	£30,600	Pupils more able to access curriculum within classroom. Social and emotional skills developed, behaviour modification addressed.
